ABOUT US

Parents and Alumni Working for Students (PAWS) is an organization aimed at supporting the students and their activities at Central Community High School. PAWS requires the dedication of parents, alumni, family members, faculty, community members, businesses and students to succeed. We look to those who have been a part of this wonderful organization for guidance and seek out new partners to help carry on the strong tradition to help our students succeed. If you're not yet a member of PAWS, please consider becoming an active part of the PAWS family, and together we can all continue to do great things for those we love the most, our children!
